Workshops and Meetings

- **OLCF User Meeting July 22-24 at ORNL**

The meeting will feature paired talks from OLCF users and code developers who will provide updates on their scientific accomplishments and code achievements as well highlight their computational requirements for the future. The agenda also includes a poster session where all OLCF projects are encouraged to share their achievements with the OLCF community.

OLCF News

Training

- Compiler Directives Webinar will be held 12:00 June 9th . Information about this training session will be available on the OLCF User Meeting page.
- NEW USER TRAINING -"Getting Started at OLCF" training event on Monday, July 21 at 3:00 PM Information about this training session will be available on the OLCF User Meeting page.

2015 INCITE CALL FOR PROPOSALS

- The Innovative and Novel Computational Impact on Theory and Experiment (INCITE) program is now accepting proposals for computationally intensive research campaigns. INCITE's open call provides large allocations of computer time at the Argonne and Oak Ridge Leadership Computing Facility (LCF) centers, operated by the US Department of Energy (DOE) Office of Science.
- **Deadline for proposals is 11:59 p.m. EDT on Friday, June 27, 2014.**
- Awards are expected to be announced in November 2014. To submit an application, please visit:
<http://proposals.doeleadershipcomputing.org>

Outages

- Tuesday June 10th Center-Wide Outage, Lustre maintenance. Estimated outage time 1 day.
- Tuesday June 24th – Center-Wide Outage, Lustre maintenance. Estimated 48 hours.
- Tuesday July 8th – Center-Wide Outage, Lustre maintenance. Estimated 48 hours.

WATCH YOUR FRIDAY MESSAGE FOR DETAILS AND UPDATES.

If you have issues or topics that you would like to see covered in depth during the user call please email them to help@olcf.ornl.gov.
